

SENATE AFTER LONG DELAY ORGANIZES WITH MANNY AS PRESIDENT PRO TEM

HOFFMAN OF QUINCY APPEARS TO BE THE DEMOCRATIC DARKHORSE IN THE SPEAKERSHIP FIGHT

An Announcement Made by Republicans Regarding Tice Is Taken to Mean That Republican Leaders in the House Will Attempt to Organize on Bi-Partisan or Tri-Partisan Basis, Tak- ing Votes Where They Can Get Them—News of the Plan Precipitated a Flurry in Progressive and Socialist Ranks.

SPRINGFIELD, JAN. 22.—After a series of parliamentary skirmishes and much oratory the senate succeeded late today in perfecting its organization. Officers and appointments were named and the senate was organized for the first time since the adjournment of the last session.

This included the naming of Walter L. Manny of Mt. Sterling, Democrat as president pro tem. Having completed the preliminaries to active legislation the senators are prepared to await the action of the house. Attorney General Stead is to be asked officially whether bills introduced in the senate before the house is organized would be legal. Upon his opinion will decide whether to go ahead with its business or wait for the house to organize.

Progressive Oppose Resolutions.
Opposition to every organization resolution offered today was led by Walter Clyde Jones, Progressive. In endeavoring to force a separate vote on the election of a president pro tem he made a long speech denouncing what he termed the bi-partisan organization of the senate by Republicans and Democrats. He declared the reactionary members of the two parties were in control of the machinery of the senate and the people would realize this fact before long.

Lieutenant Governor Oglesby went to the assistance of his successor Lieutenant Governor-elect Barrett O'Hara, when a fight was started to elect the presiding officer of practically every semblance of power.

Republicans Join Democrats.
Most of the Republicans too joined the majority of the Democrats in refusing to change the senate rules so as to make the lieutenant-governor nothing more than a figure head. Jones leading this fight, sought the adoption of a rule taking away from the presiding officer the privilege of recognizing members for the consideration of their bills. His colleague, Harris, was the only senator to stand by him on this proposition.

Jones could master only five supporters in another fight to permit senators to leave their seats and confer together while roll calls or other business was in progress. He got 14 votes on a proposal to take from the presiding officer the power to enforce the smoking rule, but lost his fight.

Lieut. Gov.-elect O'Hara's Democratic friends tried to abolish the senate executive committee with its power to name conference committees investigating committees and other special committees of the senate, but they were defeated.

Jones Musters Five Votes.
Jones made a fight against voting on appointments in a bunch arguing in favor of the voting for president pro tem separately. He mustered only five votes. He then moved to postpone action until five o'clock but could not increase his vote on this proposition.

The original motion to adopt the resolution carrying the appointments was then adopted 46 to 4. The Senator Harbrough offered the slate of standing committees and moved the adoption of the resolution. Jones tried to have action postponed but was defeated, as he was also on an attempt to add the name of Senator Harris to the executive committee.

Senator Willis R. Shaw of Decatur undertook to get before the senate a resolution providing that the first bill introduced and acted upon should be a measure making it a penal offense for a white person to marry a person of negro blood. It was ruled out of order. The rules were changed in minor particulars and after the appointment of a committee to notify the governor of the organization of the senate and another to join with a committee of the house to prepare for the inauguration of new state officers the senate adjourned until Tuesday.

Republicans Caucus.
Organization of the senate after an unprecedented delay of two weeks and the uncovering of a Democratic darkhorse in the speakership deadlock fight in the house, were the top-line features of today's sessions of the Illinois legislature. Representative William A. Hoffman of Quincy is the darkhorse candidate who forged to the front. Hoffman received a total of 37 Democratic votes in the house. The largest number of Democratic votes polled to any one candidate previously, was 34 given to Representative J. M. Rapp of Fairfield. Rapp also at that time received the block of 25 Progressive votes and tonight the Progressives held a caucus to determine if they should support Hoffman tomorrow. Republican leaders in the house tonight declared that Hoffman had reached his highest vote and pre-

PRESIDENT TAFT ADDRESSES NATIONAL CHAMBER OF COMMERCE

Urges Organization to Use Its Influence Among Other Commercial Bodies of the Country For Important Legislation.

Washington, Jan. 22.—President Taft in an address at the banquet of the National Chamber of Commerce here tonight urged that the organization use its influence among the commercial bodies of the country for renewed legislative action which he declared were the most important now before the people of the country. The president asked especially for adequate and comprehensive currency legislation and support for the economy and efficiency commission. In addition he urged that the organization take up the question of extension of the civil service to all local appointive offices in the government service. He appealed also for increased efficiency of the consular service.

The president, referring to the approaching end of his administration, said that more time was necessary in order that the guiding influences of an administration might be brought to a successful conclusion.

"I am not third term," he said, "and I don't seem to be even a second term, but there comes a time when a second term is necessary to the carrying out the work that has been started by an administration that is about to be ended."

Currency reform, the president declared, was the most important subject before the country today in that it touched every individual citizen of the country from the richest to the poorest. The need for it, he asserted, should be brought home to congress.

Dr. Charles W. Elliot, president emeritus of Harvard university, addressed the delegates on "the crying need of reform in the civil service."

OVERDOSE OF DENTIST'S MEDICINE GIVES "SUSPENDED ANIMATION"

Lomont Undertaker Describes Feeling When Paralyzed by Drug—He Could Not Move or Speak but Could Hear.

Chicago, Jan. 22.—John O'Brien, a Lomont undertaker, entered a jury in the superior court today with a recital of his experiences while in a state of "suspended animation" brought about, he charges by an overdose of medicine into his gums when he went to have a tooth extracted.

"The stuff he injected into me, made me unconscious," said O'Brien today, "and I was between here and Heaven—if that is to be my destination—from 3 to 6 p. m. I couldn't talk but heard everything that was said. The dentist got frightened and called a doctor. He came and looked me over and said there was no hope for my recovery. Another fellow said: 'well, what are we going to do with the corpse?'"

"Imagine me lying there powerless to move or talk, hearing that I thought of my eleven year old daughter sitting in the anti-room. I wondered how she would get home. Then some people around me started to talk and how they were going to find out who I was. Finally they called a specialist. He came, also looked me over and announced that there was only one chance in a thousand for my recovery. That was pleasant too. He started, however, pulled me through all right, and I went home in a dazed condition."

W. C. T. U. WOULD HAVE A "DRY" INAUGURATION

Presents Petition to Senate Urging Closing of all Saloons in Washington on March 4th.

Washington, Jan. 22.—A "dry" inauguration would mark President-elect Wilson's induction into office if a petition presented in the senate today by Senator Gallinger on behalf of the Woman's Christian Temperance Union is favorably acted upon by congress. The petition urged the closing of all saloons in the city on March 4th.

Further action by congress will be necessary if President-elect Wilson desires to have a public reception in the capitol or any other government building as a substitute for the inaugural ball to which he is opposed. In the opinion expressed today by members of the joint congressional committee on inauguration.

They contended that they have not the power at present to make arrangements for the proposed reception. The committee will be guided in its final decision in the matter by Mr. Wilson's wishes.

KENT WILL CONFER WITH PRESIDENT-ELECT

FIRST OF PROGRESSIVE-REPUBLICANS TO MEET WILSON

Is First Man Outside of Ranks of Democratic Party to Call on Governor Since the Latter's Speech Endorsing "Progressives."

Trenton, N. J., Jan. 22.—The first Progressive Republican to confer with President-elect Wilson will be Representative William Kent of California, who has an appointment with the governor here tomorrow. Mr. Kent is the first man outside of the ranks of the Democratic party to call on the governor since the latter made his speech announcing that he intended to surround himself with "Progressives and only Progressives" in his administration. It is believed that in view of the friendly expressions that have been coming to the president-elect from Progressive Members of congress of late that more visits are likely hereafter from individuals in the latter class.

Approves Wilson's Stand.

In this connection it became known today that Senator Borah of Idaho had written a letter warmly approving Mr. Wilson's stand on conservation as expressed in his recent Chicago speech. Governor Wilson did not make known the purpose of Representative Kent's call nor would he discuss probable suggestions for the cabinet. Suggestions for the cabinet came a plenty today to the president-elect in connection with the portfolios of secretary of the interior and attorney general. He committed himself on none. For attorney general, Representative Henry D. Clayton of Alabama, was suggested. For secretary of the interior, A. A. Jones of New Mexico and Governor Hawley of Idaho, former Governor Norris of Montana, Joseph Teal of Oregon, and State Chairman Clay Tallman of Nevada, were named.

OSAGE INDIANS REPUDIATE SCHEME TO GRANT BLANKET LEASE

Tribe By Practically Unanimous Vote Sustains Position of Secretary Fisher and President Taft.

Pawhuska, Okla., Jan. 22.—Indians of the Osage nation at a tribal meeting here today repudiated the proposed scheme to grant a blanket lease to 800,000 acres of oil and gas lands owned by the tribe and by practically unanimous vote sustained the position of Secretary of the Interior Fisher and President Taft. The lands are valued at \$80,000,000. Fred Lookout was elected chief of the nation and Edgar McGarthy his assistant. Eight council also were elected. The successful ticket was designated as "progressive."

The election presented a unique spectacle. The full bloods, wrapped in their blankets of dazzling colors and accompanied by their squaws with papooses strapped on their backs walked solemnly into the voting place silently handed the Indian judges their ballots and as solemnly walked out again.

Chicago, Jan. 22.—Expense incident to the ownership of an automobile was the explanation today given by Frank O. Frederickson, 24 years old, a clerk in the State Bank of Evanston, when Vice-president Schneidmiller asked him to explain a shortage of \$8,766 in his accounts. Schneidmiller had regarded the clerk as an exemplary person except for a fondness for monogram cigarettes until the shortage was discovered. Frederickson was indicted this afternoon. He left the bank after making his explanation and could not be found when officers went in search of him.

TURKS FAVOR POWERS' ADVICE

Ottoman Government Will Agree to Suggestion of Ambassadors

MAY END CONFERENCE

Will Cede Adrianople and Aegean Islands to Hands of Powers

ALL LIES ARE SUSPICIOUS

CONSTANTINOPLE, JAN. 22.—Turkey today submitted to the will of the powers.

The grand council of the Ottoman empire decided in favor of accepting the proposals of Europe for a peace settlement between Turkey and the Balkan allies.

As officially announced the grand council "approved the government's point of view," declared its confidence in the sentiment in equity voiced by the great powers and expressed their wish to see their promises and proposed assistance effectively realized.

It also asked the government to "exert all its efforts to insure in the future the safety of the country and the development of its economic interests."

This all-important question was submitted to the grand council at its meeting today.

"Should the recommendations contained in the note of the European powers be accepted or rejected?" The government frankly confessed itself in favor of agreeing to the suggestion made by the powers and after a slight discussion the assembly decided almost unanimously in agreement with the view of the government.

Tomorrow about noon, therefore, the Marquis Johann De Pallavicini, Austro-Hungarian ambassador and dean of the diplomatic corps at Constantinople, will be handed a note in which the Ottoman government agrees to the proposals embodied in the joint note with regard to the cession of the fortress of Adrianople and the future disposition of the Aegean Islands and places itself in the hands of the powers.

A meeting of the council of ministers will be held tomorrow morning before the final step is taken. The joint note of the powers advised Turkey to cede Adrianople to the allies and to leave the fate of the Aegean Islands to the powers for future determination. In return the powers promised their benevolent support as long as Turkey deferred to their counsel.

The meeting of the grand council, which was fraught with such grave importance, was of brief duration and its decision in favor of accepting the views of the powers was almost unanimous. The sultan gave his assent to the assembly collectively, with the grand vizier and the Shiek-ul-Islam. The members of the council were grouped according to their professions, the military officials, civil officials, senators and Ulemas forming distinct groups.

The note of the powers was read, after which Nazim Pasha, the minister of war, explained the military situation and the minister of foreign affairs made a statement on the foreign situation. At the conclusion of the statement regarding the attitude of the government, the grand council registered its difficult.

Decision Pleases Allies.
London, Jan. 22.—The plenipotentiaries of the Balkan kingdoms are pleased greatly over the decision of the grand council at Constantinople to accept the advice of the powers. While it had become increasingly certain in the last forty-eight hours that the Turkish elder statesmen were prepared to face the bitter fate that ends the empire's history as an European nation it was hardly expected that they would register their decision so quickly and so definitely.

This is so unlike the customary Turkish tactics that some suspicion is entertained without supporting proof that Turkey might still have carried up her sleeve.

The porte's reply to the joint note of the powers will be handed to the ambassadors tomorrow, however, and the remainder of the negotiations leading to the signing of the peace treaty are expected to be an anti-climax.

One crucial point of difference remains to be settled in the question of indemnity. The allies propose to lay a heavy payment upon the defeated nation. They speak of \$200,000,000 as an adequate sum. Their minimum is an amount equal to the Turkish debts attached to the territories which they will annex under the treaty.

The Turks are likely to contest the indemnity strongly and the bankrupt condition of their country furnishes them with a potent argument for an appeal to the powers. The negotiations over the settlement of minor questions and for the taking over of the conquered provinces will occupy a considerable time and it will be some weeks before the treaty is signed.

M. Novakovich, the premier of Servia, said tonight:

COREY AND ROOSEVELT PLACED ON STAND BY GOVERNMENT

Theodore Roosevelt Explains His Action Giving Section to Deal Whereby Tennessee Coal and Iron Co. Was Acquired.

NEW YORK, JAN. 22.—William E. Corey, former president of the United States Steel corporation was a witness today in the federal suit to dissolve the corporation under the Sherman anti-trust law furnished the government with the first testimony it has been able to obtain in support of its legislation that the corporation participated in an international steel rail pool.

Mr. Corey followed Theodore Roosevelt on the stand after the latter had repeated his testimony given before the Stanley Steel investigating committee concerning the acquisition of the Tennessee Coal and Iron company by the corporation during the panic of 1907. Colonel Roosevelt after stating that he had given his sanction to the deal "to save the country from disaster," and after he had been asked if he had heard various reports about the Tennessee Coal and Iron company, including one that the United States steel corporation had within a year previously had experts examining the property, declared to day that "not one thing could have been known to me about that company that would have altered my action."

Col. Roosevelt was examined at his editorial offices by J. M. Dickinson, former secretary of war, chief counsel for the government in this case.

Mr. Corey said that as late as 1910 an understanding had existed with foreign rail manufacturers under which the steel corporation agreed not to compete with them in their own countries and foreign manufacturers in turn agreed not to seek business in the United States.

"It was understood," said Mr. Corey, "that competition should be restricted to neutral markets countries which did not produce steel rails."

Whether in these markets there was any understanding with foreign producers as to prices and a division on tonnages, the witness professed ignorance.

DESIRE "O' BCOME WEALTHY LANDS YOUNG GIRL IN JAIL

Has Been Giving Money Obtained On Spurious Notes to Fortune Teller Who Promised to Reveal Get-Rich-Quick Scheme.

Elgin, Jan. 22.—The alleged desire of Lydia Lemke, 16 years old to make her foster parents wealthy caused her to be placed in jail today under \$2,000 bond to await jury action on a charge of forgery. According to her foster father, Fred Lemke, he gave the girl \$3,850 for spurious notes made out in his favor supposedly by D. C. Cook, Jr., a publisher and drawing six per cent interest. The girl told her foster parents she was acting as Cook's agent.

From the girl's story told in police court today it appears she has been giving the money obtained from the sale of the notes to a Chicago fortune teller who promised her he would reveal a scheme by which her foster father would become wealthy. She is said to have first visited the fortune teller while seeking advice about a love affair. Chicago police are searching for the man.

PROGRESSIVES IN ST. PAUL.

Friday the Progressives of five northwestern states will assemble in St. Paul, with Albert J. Beveridge of Indiana as the principal speaker at the banquet which will close the meeting.

Mr. Beveridge and Senator Kenyon will speak before a joint session of the Minnesota legislature tomorrow afternoon.

BERNHARDT RELEASED.

Leavenworth, Kan., Jan. 22.—William C. Bernhardt of Cincinnati who entered the federal prison here with other labor leaders in connection with the "dynamite conspiracy" was released on bond shortly after 3 o'clock today. His sentence was a year and a day. His bond was \$10,000.

"The Turks seem finally to have recovered the faculty of reasoning but why today instead of six weeks ago, as they must pay what our four armies have been costing us all this time. We have not yet set down figures for the indemnity but we have practically decided on what basis it is to be calculated and how it is to be divided among the allies."

"Each Balkan state will take as a basis the number of soldiers in the field, averaging the cost of each soldier during the time the country was on a war footing."

The sooner Turkey concludes peace the less she will have to pay." Dr. Daneff, head of the Bulgarian delegation, expressed satisfaction when congratulated upon the probable peace settlement but he was of the opinion that the negotiations would drag along for several weeks more. Premier Venizelos of Greece, said that he expected the decision as Turkey had no other reasonable alternative.

WASHINGTON, JAN. 22.—The tariff on cotton manufactures may be cut to a minimum ad valorem as low as five per cent. The minimum under the Underwood bill that was passed by the Democrats in the house in 1911 and 1912, and that so far stands as the tentative basis of the Democratic cotton revision program, is 15 per cent.

This was the development today after the ways and means committee had heard witnesses representing both the northern and southern cotton industry. The hearing room was crowded all day with the manufacturers, importers and others interested in the revision plan, under which the Democratic leaders contend that the burden resting upon the people owing to the cost of cotton clothing should be reduced by more than \$80,000.

The American Association of Cotton Manufacturers went on record for a compromise reduction. In a schedule presented by a president, Lewis Parker of Greenville, S. C., was accompanied by a committee of the association, rates were proposed that dropped the minimum ad valorem to 1 per cent.

The northern manufacturers took issue with the suggested reductions though conceding that they might be able to stand a cut in their profits.

It must go in order to re-unite the nation. The Democratic party will have the solid south as long as the Republican party endures. New York, Jan. 22.—Fifteen hundred "Bowery Mission boys" had roast beef, turnips, bread, coffee and apple pie for supper tonight, the gift of Helen Miller Gould in honor of her marriage to Finley J. Shepard. In groups of several hundred the "boys" formed lines on the sidewalk near the mission, rushed hungrily into the tables and after eating their fill, united in resolutions of thanks to Miss Gould for her "beautiful act in remembering us in this most auspicious moment, of her healthy career." Everybody hurried when a speaker said that their benefactor "instead of thinking about her tresson and hats and gowns, as other brides do, was thinking of you men."

AYERS BANK BUILDING DIRECTORY OF TENANTS

A Handsome and Convenient Arrangement by Which the Names of Office Tenants Are Shown in the Elevator Lobby.

Each day some new feature of ornament and convenience is added to the Ayers National bank building and one begins to wonder what possibly can come next and here is something that had occurred to no one and at the same time is a feature of great attractiveness and always useful while ornamental.

The latest addition to the furnishing and equipment of this popular and solid establishment is a handsome directory placed in the elevator lobby and a fac simile appears in the Journal and will be the advertisement of the bank for a time at least.

Like everything else beauty and utility have both been regarded and admirably combined and was especially designed for the place in which it is to be found. It is an iron frame with Howerbarj finish similar to all the grill and iron work in the structure.

In clear white letters handsomely painted on a dark ground the names of all the tenants occupying offices in the building are written so that any one may see in an instant where anyone occupying a room in the building is located and by giving the number to the elevator boy the visitor can be promptly landed at his desired destination.

The great value of this feature to patrons of the office rooms must be apparent as they will be advertised in the city press so that their names will be constantly before the public.

The bank makes no charge to its tenants for this fine advertisement but inserts the names free of charge thus affording a highly valuable means of getting before the public and showing the generous and progressive spirit of the bank management. It will be easy to see how valuable this feature will be and what a convenience to the public as well and the gentlemen having office rooms in the building will be most easily accessible without any effort at climbing stairs or undergoing any sort of inconvenience.

A New Blend of Coffee Our Own Mix

I have handled and sold coffee now for years. Have tried all blends and kinds, and at last I have discovered a combination of three different coffees, that by mixing them together in their right proportion I have now a blend of coffee that could not give better satisfaction at any price, even if I would ask 50c per pound. Its the flavor, strength and amber color. However I will retain a low price. You will say, oh, that's every corner grocer's talk; they all say we have the best. Well seeing is believing, and tasting proves it all. I will guarantee that you can not duplicate this blend of coffee at from 5 to 10c per pound from the other fellow—and if you will try a sample pound and it does not prove as I say I will not charge you one cent for it. We give you all coffee—we can't afford to give any premiums or presents. If we did we would have to charge more for the coffee. A trial is all we ask and the price is only 30c PER POUND.

ZELL'S GROCERY

Use Buying Judgment

When you order meat for your table be careful to have just what you want selected. Some cuts of meat look well but have very little nutriment in them. Others possibly do not equal them in appearance but reach the high mark in food value. If you tell us what you want it is our pleasure to try and select for you meat that will come up to your requirements. Nothing can take the place of meat on the family table and it is no more costly than other eatables if good selections are made. We are ready to select steaks or roasts or boiling pieces for you and then to make prompt delivery.

CONTRACT SHOULD

BE APPROVED.
Tuesday, February 4th, a special election will be held in Jacksonville, when the people will express their opinion of the contract between the city and the Jacksonville Water company. There are good reasons why this contract should be approved and there seems to be no valid objection to it. The city, by the terms of the contract, keeps its own pumping station, reservoir and mains in absolute possession and control. The company agrees to pump water into the reservoir and to take in pay one-half of the revenue from water sold. This means that the company will not be paid for water the city uses through hydrants, for fires or for flushing sewers. If the company sells water to Bluffs, South Jacksonville or other consumers outside of Jacksonville, then the city will get half of the money arising from such sales.

When the contract has been entered into then all litigation pending between the city and the water company ceases. John A. Bellatti has pointed out the dangers and expense of long litigation and has expressed the opinion that Jacksonville will be very wise to stop court proceedings by approving this contract. If the contract is approved the water company agrees to furnish good pure water from the sand beds of Illinois river for a period of eighteen months. The cost, based on the contract provisions, will in all probability be less than the city is now paying for water pumped from the creek and lake. The city council has done well in entering into this contract, and the action taken should be approved at the election.

DEMOCRATS DISCUSS TARIFF ON COTTON

Oppose Lincoln Memorial.

Opponents in the house of the bill passed by the senate to appropriate \$2,000,000 for a memorial structure to Abraham Lincoln in Potomac park here, conducted a successful filibuster late today against the submission of a favorable committee report on the measure. Adjournment finally was forced and Representative Garner of Texas, gave notice that parliamentary technicalities would be exhausted to prevent the report getting before the house next Wednesday.

Earlier in the day President Taft had conferred with thirty or more Republican members of the house and urged them to support the senate bill. The president had heard that the bill might be shelved and suggested that failure to act today might mean that no memorial would be provided for at this session.

Republican Leader Mann and former Speaker Cannon led in the effort to have the report taken up. Throughout the proceedings lasting several hours the object of the filibuster was not mentioned specifically.

The speakers on both sides referred to "a certain measure."

Most of those opposing the commission's plan favor the proposed Washington - Gettysburg - Lincoln memorial road. The house was considering a bill providing for the use of a part of the money derived from the sale of town lots in connection with reclamation projects for municipal improvements. Demands for separate votes on numerous amendments to this measure furnished a weapon for the opponents of the memorial report, the next business in order.

MISS HELEN GOULD WEDS IN NEW YORK

LAST OF GOULD CHILDREN TO MARRY.

Ceremony in Which Finley J. Shepard and Miss Gould Are Wed is Simple in Contrast to Church Weddings of Relatives.

New York, Jan. 22.—Helen Miller Gould, known throughout the world as the "Queen philanthropist of America's wealthy women," and Finley J. Shepard, assistant to the president of the Missouri Pacific railroad, chief of the Gould railway lines, were married today in the spacious drawing room of the bride's stately stone mansion at Lyndhurst on the Hudson.

Widely heralded as the simplest of weddings, the fact remains that the rich splendor of the setting, the bower-like beauty of the floral decorations, the swelling harmonies of an orchestra of forty pieces, the tables loaded with hundreds upon hundreds of rare and costly presents and the great glittering table, laden with a service for the wedding breakfast for seventy-five guests, could scarcely class as simplicity in the eyes of the average American bride.

Comparatively Simple.

In comparison with the church weddings of Miss Gould's sisters and nieces, at which all Fifth avenue was blocked with carriages and every element of pomp and pride that could be found in abundance, today's ceremonial was indeed simple. The service was read by a kindly faced country minister, Rev. Daniel Russell, pastor of the Irvington Presbyterian church. The bride was attended only by two daintily dressed little girls, and Helen and Margaret, daughters of the bride's brother, Frank Gould, by his first wife. And the seventy-five guests were all members of the bride's or bridegroom's families or their intimate friends.

Last of Family to Marry.

New York, Jan. 22.—With the wedding today of Miss Helen M. Gould and Finley J. Shepard, which took place at the country home of the bride near Tarrytown, all of the children of the late Jay Gould have entered the ranks of matrimony.

When Jay Gould died in 1892 he left four sons, two daughters, a hundred million dollars and a peculiar will. The first great "wizard" of Wall street wanted to keep all his money in the family. He also wanted to keep peace in the family. Accordingly he willed all his wealth to his children and stipulated that no child should marry without the consent and approval of the others. A forfeiture of half the child's share in the estate was to be the penalty for a marriage without this approval. Like many another will drawn under similar circumstances it failed, when put to the test, to fully serve its purpose. For, while the marriage of Miss Helen Gould as well as the marriages of several of the other children could not but be to the liking of the great financier, there have been matrimonial alliances in the family that probably would not have met with his approval were he alive to sanction them.

George Jay's Happy Life.

George Jay Gould, the eldest son, was married some six years before his father's death. Jay Gould was decidedly opposed to his eldest son's choice of a wife. When the son made it known that he was going to marry the beautiful Edith Kingdon, a member of Augustin Daly's company, and a talented actress, the founder of the family protested vigorously. George Gould won the day. Afterward Jay became extremely fond of his daughter-in-law and her interesting children. He was quite reconciled to the match after it was consummated. The Goulds have been married more than twenty-five years and their union appears to be an unusually happy one.

Edwin is Successful.

Edwin Gould, the second son, has been happily married for twenty years. His wife was Miss Sarah Cantine Shady, a stepdaughter of a noted New York physician. Miss Shady was a beautiful and accomplished girl, not wealthy and not closely identified with the "swell" set. The family advisory committee gave its unqualified approval to Edwin Gould's choice.

Howard Married Actress.

The matrimonial bark of Howard Gould, the third son, has not had such smooth sailing. When quite a young man Howard Gould had an affair with Miss Odette Tyler, an actress considerably his senior. It was reported that they were engaged to be married. The family advisory committee was called together and the proposal was negatived. Howard went abroad, where he met another actress, Miss Katherine Clemmons, a California beauty. Once more the advisory committee met and the result was a threat to divert \$5,000,000 of Howard's patrimony if he persisted in marrying Miss Clemmons. Howard did persist. In fact, he told the family to keep the \$5,000,000 and straightaway he married the actress. The family advisory committee was called together and the proposal was negatived. THE REAL TEST

Of Herpicide is in Giving it a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vipers may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the scalp from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

EXPERIMENTAL ROAD

MAINTENANCE ASSURED

Wheaton Citizens Will Raise \$20,000 if State Can Get \$10,000—Government Official to Be Interviewed By Engineer Johnson.

That Illinois will be able to avail herself of the conditional \$10,000 appropriated for the state by congress in the postoffice and appropriations for experimental road maintenance has been assured. Steps necessary for the procuring of this fund have been taken by Wheaton citizens, and the state, through Governor Deneen and the state highway commission, will negotiate soon with the government for the money.

The postoffice appropriation bill carried an appropriation for experimental road maintenance in the various states, the share allotted to Illinois being \$10,000, as Governor Deneen was informed by communication recently received from the postoffice department.

Conditions Not Clear to State. The conditions under which this appropriation is to be used were not entirely clear, and it seemed doubtful if it were possible to make any use of the money under the conditions imposed, which were that there should be raised \$20,000 on the part of the state to be spent in the maintenance of a stretch of road fifty miles long.

The impossibility of arranging for subscriptions amounting to \$20,000 for a stretch of road fifty miles long, moreover the impracticability of attempting the improvement of so long a stretch of road with so little money, led Governor Deneen to take up the matter with the government authorities in an endeavor to arrange some plan whereby the government appropriation could be made available under conditions that could be met in this state.

Wheaton Citizens to Raise Amount. The citizens of Wheaton, through E. N. Hurley, advised the governor that they could raise \$20,000 provided they could receive the government \$10,000 and that the money could be used for the construction of a few miles of road.

Governor Deneen has authorized State Engineer Arthur N. Johnson to go to Washington to see if the necessary arrangements can be made. A communication has just been received from L. W. Page, director United States office public roads, stating that he thinks satisfactory agreement can be reached when all the conditions are presented to him, which he would prefer to have done by personal interview.

Mr. Johnson will leave for Washington in a short time so that all arrangements can be made to have construction begin if possible at the opening of spring.

STATE NEWS.

Contestant Denied Right to Legacy—County Judge R. H. Scott of Dixon rendered a decision sustaining the provisions of the will of Henry Beemer. In the will a legacy of \$1,000 was left to Levi Beemer, but there was a provision that if any of the heirs contested the will they would forfeit their legacies.

Levi Beemer contested the will and the case was tried twice in the circuit court and twice in state supreme court, being decided against the contestant. Then at the final hearing Beemer's counsel claimed that his client had a right to the legacy of \$1,000, but the court ruled that this contention was incorrect and sustained the provisions of the will.

Five Year Old Girl Grandfather's Heir—Five year old Gladys Warren will receive the \$12,000 estate of her grandfather, William Warren of Essex to the exclusion of Mr. Warren's brothers and sisters, since the child has been proven by the courts to be his only direct heir. At the time of Warren's death all the known members of his family were deceased and his brothers proceeded to administer his estate. A friend of his family heard indirectly that a child had been born to Warren's daughter at Pueblo, Colo., and notified the probate officer at Kan-kakee, who began an investigation which located the child in the home of a family at Lyons, Neb. Records and facts were easily obtained which have convinced the courts that the child is the rightful heir and it has been awarded the fortune of the wealthy farmer.

Decatur Poultry Show Opens—With 1,800 birds on exhibition, the annual show of the Decatur Poultry and Pet Stock association, one of the largest in the state outside of the state show, is open.

Housekeeper Files Suit—Alleging long service as housekeeper without remuneration, Mrs. Ida Rollins, aged 70, filed suit against the estate of the late Edward Flaggs, a wealthy resident of Bloomington, demanding \$5,000. No will can be found.

Colored School Is Exclusive—Colored school children of Sparta now have a modern building from which white children are excluded as the result of a special election due to a petition circulated by the colored people asking separate school building for the two races. Generally it has been the white children who have been opposed to having the colored people in the same school.

Cupid's Advance Agent Busy—The Y. M. C. A. "Cupid's" most diligent advance agent in Chicago, has struck another blow for matrimony. The Hyde Park branch has cast its ultimatum at the residents in its dormitory. They have three years in which to marry or find some other lodging.

The directors of the association say their dormitory facilities are unequal to the demand and that three years is enough for any young man to scout a home for himself.

Farmers Complain of Crows—Farmers in the vicinity of Amboy are complaining about the immense colony of crows that has settled in their vicinity. Palestine Grove, near Amboy, is a favorite retreat and they are to be found there by the thousands, settling in trees at sunset like a swarm of bees entering a hive. As the bounty on crows has been withdrawn no effort has been made to kill the black feathered visitors.

Ground Hog in Sewer—Investigation of a clogged catch basin in the sewer system of Sterling by the superintendent of streets brought to light a drowned ground hog. It is supposed that the animal crawled into the opening to secure shelter for the winter and had been drowned.

ed. It is seldom that ground hogs wander in to a town.

To Establish Deer Farm—Dr. J. A. Poling, city health commissioner of Freeport, has leased the property in West Freeport upon which stands the old Lakota club house under control of an old time organization of sportsmen in years gone by, and will establish a deer farm. The tract is admirably suited for the purpose, as part of it is in timber and there is a natural lake. Dr. Poling has owned several head of deer for a number of years. He will add to the herd during the coming year and hopes in time to make it one of the largest deer farms in the state.

Haas Will Shortest in County's History.—The shortest will ever filed in the probate court in St. Clair county is that of George Haas, Sr., who died in Mascoutah, Jan. 9. Haas was a farmer. The will reads: "Mascoutah, Ill., Jan. 6, 1913. Last will of George Haas that he will leave everything to his wife, Mary Haas, executrix, without bond. Witnesses, Joseph Haas, Jr., George Brendel."

Wolves in Ogle—Oregon Reporter: Ed and Lee Jones, residing upon the Griswold farm northwest of this city, killed a large gray wolf. The next day they saw two more wolves and although they wounded one of them, they did not get either.

Smallpox in Camp.—Smallpox has broken out in a camp of the Northern railroad, two and one-half miles west of Springfield where laborers are employed in constructing a line of the railroad from Peoria to Greenridge. Four cases have been reported thus far. The men were sleeping with fourteen others in a tent.

Leaves Fund and Site for Library.—The town of Mononk will receive a site and \$20,000 for the erection of a public library from the estate of David Folger. Aside from this donation and one of \$5,000 for the Mononk M. E. church, the rest of the \$1,000,000 estate goes to two nieces, with the provision that it will pass to the Illinois Wesleyan university at Bloomington, Ill., if they die without heirs.

ANSON COULTAS WRITES FROM ALBUQUERQUE NEW MEXICO

Former Resident of Riggston, Scott County Tells of the Recent Cold Snap in Southern Country.

Anson Coultas of Riggston, who took his family to Albuquerque, N. M., some months ago has written his home paper about the recent cold snap which passed over the south and west. He also sends a clipping from one of the papers there:

Dear Sir:—I thought I would send you a clipping about the weather we are having in the "Sunny South." I would like to see the man that told me they didn't have any winter in Albuquerque. I am one of them that had to sweep the snow out of my bed room almost two inches deep, and my shoes were one-half full. The snow was drifting in my face when I opened my eyes. I thought I had kicked the beautiful white bed spread on the floor. If you had seen my tracks bare footed in the snow, you would have declared there had been a bull moose in the house.

Living here is about the same as in Illinois. Rent is high also coal and wood. Beef and pork, 25 cents a pound, oats, 80 cents, corn, shelled \$1.50 a bushel, was \$1.60, two weeks ago. Auto hire is \$4.00 per hour. Hire for one horse and buggy \$4.00 per day. Milk and butter is extra good and the water is as good as any I ever drank. Butter has been 45 cents a pound, but is now down to 40 cents. This leaves us all well aside of bad colds.

Yours truly, A. M. Coultas

The following is the clipping from the Albuquerque paper: "With the first whispers of a northeast wind invading an almost summer-like calm on Saturday night about 8:30 began a storm which by Sunday morning developed into the most severe known in New Mexico in twenty years. The southwest is likely to remain in the grip of the storm for a day or two longer; and meanwhile reports coming in from various sections of the state show that the snowfall was absolutely unprecedented, taken as a whole, and that temperatures of zero and as much as ten below have resulted in great suffering and loss of life among livestock with the probability that many isolated sheep herders and others whose vocation exposes them to the weather have perished.

"There is little doubt that the snowfall in Albuquerque was the heaviest ever recorded. While the great velocity of the wind swept great expanses of ground clear of snow, it piled it up in drifts ranging from two to six feet deep."

ACCIDENTS AND OTHERWISE

Plunges Pitchfork Into Sleeping Tramp—Lanark Gazette: Early yesterday morning when Guy Puterbaugh went to the barn loft to throw down some hay for his horses, he jabbed his pitchfork into a tramp who had burrowed there to sleep. The man let out a howl of anguish, and Guy fled in dismay to his wife's protection at the house. A subsequent search failed to discover the knight of the road, who probably was hot-footing it down the highway before Guy's coat tails disappeared within the kitchen door. Both were rudely shocked and the waves of repulsion sent them flying in opposite directions. It would be interesting to know which one made the best time.

Hook Pierces Brain; Kills Highland Farmer—Albert Bitterer, a Highland, Ill., farmer, was fatally hurt in a peculiar manner. Bitterer was butchering hogs Wednesday and he slipped off a platform upon which he was working. He struck an iron hook which entered his left eye, penetrating the brain. On the way to the Highland Hospital Friday morning he died. He was 35 years old and was married.

Young Farmer Shoots Himself—Russell Armstrong, a young farmer who came to Bloomington from Richmond, Va., shot himself while examining a revolver. Being alone at the time he summoned help through a telephone and was brought to a hospital here. His death is momentarily expected.

Mind Is Wrecked By Coffee and Smoke—Claiming that he feared his mind was becoming weakened and that in a fit of insanity he would do bodily injury to some one, Harry Courtner, a young painter of Carmi, applied for a sanity commission to investigate his condition. He was adjudged insane and sent to Anna Courtner, his mother, who had been examining a revolver. Being alone at the time he summoned help through a telephone and was brought to a hospital here. His death is momentarily expected.

Splinter Causes Death of Woman—Mrs. Grover Beaman of Bear Creek township, died of tetanus. She ran a splinter into one of her hands. Blood poison followed and lock jaw developed. She was 45 years old.

ESCAPED AFTER FIFTEEN YEARS. W. P. Broyles made a successful escape after fifteen years of suffering from kidney and bladder troubles. Foley Kidney Pills released him and will do just the same for others. He says: "They cured a most severe backache with painful bladder irregularities, and they do all you claim for them." Refuse substitutes.—City Drug Store, J. A. Obermeyer.

DR. AND MRS. SANFORD HAVE ARRIVED.

Word has been received of the safe arrival of Dr. and Mrs. George J. Sanford at their destination, San Diego, Calif. They report a successful and comfortable trip and a warm welcome by the doctor's nephews at San Diego. They expect to remain there until warm weather and then proceed north to Portland, Ore., to visit their son, W. H. Sanford, and from that place mean to go to Lincoln, Neb., to visit their other son, Prof. F. W. Sanford of the state university. They will probably be away until the middle or latter part of the summer.

5-YEAR-OLD TO GET A FORTUNE.
Pontiac, Ill., Jan. 22.—Five-year-old Gladys Warren, now living with a family at Lyons, Neb., will be given the estate of her grandfather, William Warren of Essex, Ill., to the exclusion of his brothers and sisters, according to a court ruling today. The latter had been administering the estate, as it was not known that a daughter had been born to Warren's daughter in Pueblo, Colo., and the child was traced to its Nebraska home.

KNIGHTS OF PYTHIAS IN FORTY-NINTH ANNIVERSARY

Big Celebration Will be Held in the Seventh Regiment Armory of Chicago, Feb. 19.

The 49th anniversary of the Knights of Pythias will be marked by Grand Chancellor Omo's 1,000 class in the Seventh Regiment Armory, Chicago, Feb. 19.

A selected team, composed of 250 of the best ritualists from several of the best teams in Illinois, will perform the work. It is expected that every lodge in the Illinois Grand Domain will furnish from one to twenty-five candidates.

Grand Chancellor Omo is leaving no stone unturned to make this the greatest Pythian function ever held in the history of the Pythian order.

Thousands of Pythians from all over the country will doubtless come to witness the event.

To the lodge furnished the largest number of candidates will be accorded the honor of opening the convention under its charter.

Supreme Chancellor Thomas J. Carling, of Macon, Ga.; Supreme Vice-Chancellor Brigs S. Young, of Ada, O., and Supreme Keeper of Records and Seals Fred E. Wheaton, of Minneapolis, Minn., and other dignitaries of the order will be present and take part in the ceremonies. The greatest interest and enthusiasm has been aroused throughout the entire grand domain, and it is now thought that instead of a one thousand class, the number will probably reach about three thousand.

"The Pythian Record," true to its reputation for enterprise and progressive spirit, will publish a special forty-ninth anniversary edition in honor of the occasion. It will contain a general brief history of the order, portraits of leading Pythians, and much interesting matter that will prove worthy of reading and preservation—a valuable souvenir of the occasion.—From the Pythian Record, Chicago.

A PLEASANT REMINDER.

Lebanon, Mo., Jan. 21, 1913.
Editor Jacksonville Journal: As your beautiful city at one time was my home, and thinking perhaps that some of my former friends might wish to hear from me, and as I often think of the days of long ago, I will drop a few lines to the good old Journal. Among others of my old time friends was Oliver Shuff and the Buckingham Brothers, contractors and builders, for whom I used to work. It is not about thirty years since I left your city, moving to Lebanon, Mo. I often wish that I could visit my old home once more and walk its beautiful, shady streets again, but as I am nearly 82 years old I will never again have the pleasure of doing so. Hoping that this letter and the little poem may find a place in the good old Journal and wishing the Journal a prosperous year of 1913, I remain truly yours, A. Lumm, Lebanon, Mo.

The New Year.

While the merry Christmas greetings still are lingering in your mind; With the glad new song of angels, Peace on earth to all mankind.

Ring out the past with gratitude For all the blessings of the year; For neighbors, loving, kind and true Each one and all to us so dear.

The new year brings a volume new, Its pages spotless, clean and white, And may we write upon it naught But what is pure and just and right.

May the brotherhood of all mankind Glow with love and justice deeper; Let none presume to say or think, "I am not my brother's keeper."

AMERICAN GAME PROTECTIVE AND PROPAGATION ASSOCIATION.
Threatened extinction of the great game fishes of the Pacific coast has led the American Game Protective and Propagation association of New York to join with Southern California sportsmen in their efforts to preserve them. Among these fish are the largest specimens of the finny tribe which are taken on hook and line. For game qualities combined with great size, no other fish has equaled the tuna, and there are half a dozen species of even greater weight which have attracted anglers from all over the world to Southern California.

These fish spawn in the kelp beds, where they are taken in such numbers by net fishermen that the future of the supply is in serious danger. Mr. Charles F. Holder as chairman of the Los Angeles committee has recommended to the state legislature that netting be prohibited within the distance of three miles of the shores of Catalina Island and it is hoped that a law will be passed this winter which will give the fish necessary statutory protection.

REFUSE TO GRANT A FIFTY YEAR FRANCHISE

City Council Turns Down Proposition of Central Illinois Public Service Co.—Buys Beardstown Plant.

Mt. Sterling, Ill., Jan. 22.—According to City Attorney Vandewater of Mt. Sterling, the Central Illinois Public Service company, which purchased the electric plant in this city a few months ago is doing business without a legal franchise and the city council positively refuses to grant them one. A meeting was scheduled to be held last night when the matter of a fifty-year franchise was to come up, but at a conference held in the evening between the alderman and President Graham, of Mattoon, and J. B. Crawford of Pittsfield, district manager for the company, it was found that a fifty year franchise could not be passed by the council, the meeting was called off.

At a meeting of the council in December, when the company made its first application for a franchise, it was authoritatively announced that nothing less than a fifty-year franchise would be accepted, a declaration repeated and distinctly emphasized by President Graham, Friday, when he arrived in the city, and it was given as his last word on the question at issue. Public opinion here was not slow to accept this declaration as unreasonable in itself and presenting an unsurmountable obstacle to further negotiations. A tentative verbal promise to adopt a scale of charges, based on consumption of current, was also made, as follows: For ten lights, 13 1-2 cents per kilowatt, up to 11 kilowatts; 7 cents for any amount over 11 and up to 22 kilowatts. The rates are to go into effect when the company installs all day service.

The majority of the councilmen are holding out that the next half dozen years or even less, will develop a vast change in the lighting situation in this part of the state, regarding the electric light power. They are looking ahead to the opening of Keokuk dam power through this part of the country with a view of using it. The men at the head of the new company have not stated what they intend to do, now that they have twice been refused a franchise in Mt. Sterling.

Beardstown Sells Plant.
Beardstown, Ill., Jan. 22.—The Beardstown electric light plant has been sold to the Central Illinois Public Service Company. The local plant is to be made the central power plant for a new power district being organized by the Public Service Company. This district will include the cities of Virginia, Chantlersville, Rushville, Browning, Pittsfield, Mt. Sterling, Versailles and Meredosia. A half million dollars is to be spent erecting transmission lines and increasing the capacity of the Beardstown plant. The Public Service company has its general offices at Mattoon.

R. B. Glenn, president of the old Beardstown company has been appointed district superintendent for the new owners.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Olive Tablets.
A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels; there's never any sickness or pain after taking them. Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. 10c and 25c per box.

MADE FIRST TEXAS FLAG.
Pt. Valley, Ga., Jan. 22.—The girl who made the first Texas flag, when that state was an independent republic, lies buried in a neglected grave near here. Arrangements have been made by a commissioner sent by Governor Colquhoun of Texas for the removal of the remains to Austin, where they will be received with all honor.

Miss Joanna Troutman, in 1836, then a girl of 16, fashioned the Lone Star flag which is still the state emblem of Texas. The present session of the Texas legislature is expected to appropriate funds for the removal of the body and the erection of a monument over the grave in the state cemetery at Austin, where rest the remains of many famous Texans.

Take the "direct road" to health and strength by using Foley Kidney Pills for backache, rheumatism, weak sore kidneys and bladder irregularities. Each ingredient is chosen for its positive healing and curative qualities. Foley Kidney Pills are the best medicine you can buy for kidney and bladder troubles. Mrs. J. M. Frisley, Lyons, Ga., says: I took Foley Kidney Pills and they entirely cured me.—City Drug Store, J. A. Obermeyer.

NOTE FROM LABOR WORLD.

Massachusetts contains sixteen thousand union carpenters. In New York city meat cutters have gained the nine hour day. Forty-four states have adopted an age limit for working children. Edmonton, Alta., trades and labor council has decided to erect a 12500 temple.

It is claimed that 50 per cent of the masons and bricklayers in Italy are out of work.

The strike of the Grand Trunk Pacific machinists, in progress about a year, has been settled.

The San Francisco, Calif., Typographical union has a membership exceeding one thousand.

An eight hour day and semi-monthly pay day has been obtained by city employees of Altoona, Pa.

The American Federation of Musicians now has 622 local unions, 25 of which are in Canada. The membership is now 80,000.

The firemen of Boston plan the formation of a union within the Boston fire department and its affiliation with the American Federation of Labor.

Employees of the packing industry in Chicago work ten, twelve and fourteen hours a day, and the average wage at the stock yards is less than \$7 a week.

The Japanese postoffice department has to employ many small salaried officials in the handling of mail. Most of these employees earn less than 20 cents (\$10) a month.

California has an employers' liability law, but according to a decision handed down by the supreme court of the state, it does not apply to the state in its capacity as employer.

The Canadian federal labor department has in the last few weeks settled labor disputes between street railway companies and their men in Ottawa, Hull, Halifax, Quebec, and Port Arthur.

More than seven thousand women are taking correspondence courses of 24 lessons in housekeeping which the Kansas agricultural college has arranged for use in club meetings this winter.

Advices indicate the certainty that the Mississippi statute limiting the days of labor in factories and industrial plants to ten hours will go to the supreme court of the United States for final construction. The average annual salary of public school teachers falls below \$1 a day in 18 out of the 48 states, according to figures compiled by the division of education of the Russell Sage foundation. Only five states pay more than \$2 a day to their teachers. California pays the highest average salary of \$918 a year. North Carolina, the lowest, averages \$200. One of the states, according to the bulletin, pays its school teachers at the rate of \$200 a year, while it leases its convicts for a little more than \$400.

CUT THE HIGH COST OF LIVING.
W. H. Chapman, Winnebago, Neb., tells how he did it. "My two children had a very bad cough and the doctor's medicines did them no good. I got a bottle of Foley's Honey and Tar Compound, and before it was all used the children were free and cured of their cough. I saved a doctor's bill for one 25c bottle of Foley's Honey and Tar Compound." No opiates.—City Drug Store, J. A. Obermeyer.

RETURN VERDICT OF NOT GUILTY

In the case of the People vs. Samuel Roads, alias Lou Roads of Waverly, charged with obtaining goods under false pretenses the jury reached a verdict of not guilty Tuesday night about eleven o'clock but it was sealed and was not delivered to the court until Wednesday morning. The defendant was released.

Women Avoid Operations

When a woman suffering from some form of feminine disorder is told that an operation is necessary, it of course frightens her.

The very thought of the hospital operating table and the surgeon's knife strikes terror to her heart, and no wonder. It is quite true that some of these troubles may reach a stage where an operation is the only resource, but thousands of women have avoided the necessity of an operation by taking Lydia E. Pinkham's Vegetable Compound. This fact is attested by the grateful letters they write to us after their health has been restored.

These Two Women Prove Our Claim.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost

all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Me.

Charlotte, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. If I even lifted a chair it would cause a hemorrhage. I had a growth which the doctor said was a tumor and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health and am the mother of a nice baby girl. You can use this letter to help other suffering women."—Mrs. ROSA SIMS, 16 Wyona St., Charlotte, N. C.

Now answer this question if you can. Why should a woman submit to a surgical operation without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Thousands of women can bear witness to its beneficial qualities. Perhaps its aid is all that is required to restore to you perfect health and strength. Now is the time to act, write Dr. R. V. Pierce's, Buffalo.

We have picked certain dealers to sell Zephyr Flour, because each has a reputation for handling only the best

Zephyr Flour has won a reputation in thousands of homes for the lighter, whiter bread it bakes, the flakier biscuit, the more tender cake it makes. To protect this reputation we have made it an ironclad rule to place the agency for this flour with those dealers only who handle the highest quality of food products.

Zephyr Flour

is made from the best of Kansas hard wheat. This wheat is rich in food value.

We wash it and grind it with the greatest care to preserve this goodness. We sell it with a flat guarantee to give satisfaction or money back. Every Zephyr Flour dealer is instructed to refund the purchase price on request.

Our chemist's certificate is in each sack of Zephyr Flour—thus assuring that both the wheat and flour have passed our rigid quality test and that every sack is uniform. Should you be dissatisfied, the certificate is good for a free sack.

Fires In Jacksonville

Monday's Courier had the following:

ROOF CATCHES FIRE

"Saturday evening the roof of the residence of Newton Sargent at 350 West Court street caught fire about 6:30 o'clock, burning a small hole. The fire department was called, but a Babcock extinguisher was used by a member of the department in putting out the fire."

Tuesday's Journal tells of a fire at 302 North East street, caused by a coal oil lamp, at which a woman was badly burned. The Journal says: "In the meanwhile the fire department was called and extinguished the fire with the chemical."

Only lack of information prevents EVERY HOME having its own Babcock. The cost is small; anybody can use it; it is always ready. There is nothing secret about it, and if you call at our office, 110 South West street, we will be glad to explain it to you fully.

CORROBORATION.

Of Interest to Journal Readers.
For months Jacksonville citizens
have seen in these columns enthu-
siastic praise of Doan's Kidney Pills
by Jacksonville residents. Would
these prominent people recommend
a remedy that had not proven reli-
able? Would they confirm their
statements after years had elapsed
if personal experience had not shown
the remedy to be worthy of endorse-
ment? The following statement
should carry conviction to the mind
of every Jacksonville reader.

John Minter, 423 South East St.,
Jacksonville, Ill., says: "I gladly
recommend Doan's Kidney Pills as
I know them to be worthy of praise.
I have been telling of my experience
with this remedy ever since 1897. I
took Doan's Kidney Pills for pain in
my back and other symptoms of kid-
ney trouble and found them ef-
fective. I always advise the use of
this remedy when I have an oppor-
tunity."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,

States.

(By Associated Press.)
New York, Jan. 22.—The advan-
tage gained during the upward
swing of the stock market yesterday
was maintained firmly today and
further advances were made. Traders
on the long side operated more
confidently, basing their belief in
the technical strength of their position
on the failure of yesterday's
sharp upturn to bring out a supply
of stocks awaiting a market, and on
the supposed vulnerability of the
short interest. There was further
covering of short contracts and at
times during the session prices were
marked up in response to spirited
bidding.

was followed by an outburst of active
buying for both accounts, during
which prices were lifted to the high-
est point of the day. Substantial
gains were registered among both
speculative and investment issues,
although the rise of the leaders was
smaller than yesterday. In spite of
the improvement in sentiment, bull
traders showed no disposition to
attempt extensive ventures and after
the advance in the morning trading
the market became dull with occa-
sional reactions due to profit taking.

More attention was paid today to
favorable factors in the general sit-
uation such as better reports from
the copper trade and the continued
ease of the money market. While
the news of the Balkan war was re-
ceived too late to determine the
measure on its effect upon the mar-
ket, some development of the sort
had been indicated by the strength
of European markets. London
bought stocks here on a moderate
scale.

Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

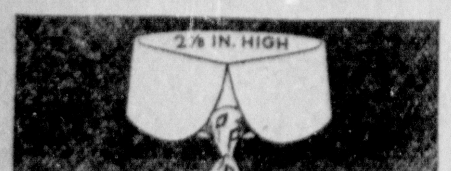

Bid Farewell to All Blood and Skin Diseases.

The research laboratory of The Swift Specific Co. has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at almost any drug store in the civilized world.

This preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis and similar diseases resultant from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease. Get a \$1.00 bottle of S. S. S. to-day of your druggist. It will surprise you with the wonderful action in the blood.

STORMY NIGHT CUTS DOWN

ATTENDANCE AT REVIVAL

Rev. W. A. Bodell Preaches Strong Sermon From Text "Behold I Stand at the Door and Knock."

On account of the inclement weather only a small audience was present at the revival service at Northminster church Wednesday evening. Those who were there, however, heard a fine sermon from the evangelist, Rev. W. A. Bodell. The chorus choir was led by Rev. W. E. Spoons and the services were fraught with much interest and results.

Rev. Mr. Bodell preached from the text "Behold I Stand at the Door and Knock," Rev. 3-20. He said in part:

The Savior no longer in the flesh is knocking at the homes of men, but now through the spirit He is knocking at the hearts of men. The heart is where He desires to enthroned himself—it is the throne room in the domain of the human soul.

The will is the bolt to the door of a man's heart. If a man will he can open the door; if he will he can bolt it against Christ forever. Whoever will may—that is the blessedness of it; if he will not he cannot—that is the awfulness of it. But Christ is anxious to come into your life: "Behold I stand at the door and knock."

Why will you not open the door of your heart to Him? Is there something that you do not want Him to see? Is there a skeleton in the closet? Is there some idol you are afraid He will cast down? Has some sin laid its hand on the bolt of the door which forbids its opening? If Christ comes in, all these things will have to go out. Where sin reigns He will not rule.

Now Christ knocks in many ways. He knocks through conscience—a faint knock telling you what to do. By the knowledge you have of your duty to God and your fellowmen is He saying "Let me in." You know don't you that you have sinned, and that it ought to be forgiven; that you cannot forgive that sin yourself, the mantle, said, "Do you see that?" He says against God, and he only can forgive you. You know that there is an evil principle within you and only the indwelling Christ can eradicate it. You know you ought to yield yourself up to Christ for He only can save you. If you know these things, and then will not accept Him you are sinning. "For he that knoweth to do good and doeth it not to him it is sin."

He knocks through memory. By the memories of your mother's prayers and your father's love, by the memory of your mother's tears and your father's advice, by the memory of the family circle and the family altar, the family associations and the family relation, by the memory of the hand that led you and the words spoken to you and the prayers offered for you is Christ knocking at your heart.

He knocks through trial. Oh, how hard He knocks at times at the door of men's hearts. Must he break down the door of your heart before you will say to Him "Come in?" Sometimes it is only when men know not what else to do that they call upon God. A young lawyer who had been skeptical in head and heart, more in heart than head, pointing to a pair of baby shoes on the mantle, said, "Do you see that?" It was not till the little feet that used to walk in them were taken to walk in heaven that I cared for God or Christ; now He is unspeakably precious to me.

He knocks through the Holy Spirit. Yea, it is the Holy Spirit knocking through conscience, through memory, through trial. How long will you resist Him? Beware! He says my spirit will not always strive with men. The sin against the Holy Ghost is not that Christ turns away from a soul, but that the soul has lost its power to turn to God. God knocks at a heart so long as there is any hope of the door being opened, but when his tarrying only aggravates the sinner so that he bolts the door more tightly, then he goes on and leaves them. Some of us have become so accustomed to the ticking of the clock that we no longer hear it, and, so some have become so gospel hardened that it makes no impression on them.

If tonight Christ knocks at your heart, however faintly, open it, lest some time when you want Him He will not be there. He will tarry so long as there is any hope of the door being opened, but when he sees that the bolt is more securely fastened every time He knocks, then He passes on. May it not be said of any here tonight what was said of Ephraim: "He is joined to his idols, let him alone."

ILLINOIS STOCK EXCHANGE

13 West Side Square, Jacksonville, Ill.

PHI ALPHA TRI-ENNIAL

WILL BE HELD THIS YEAR

Committee Held Meeting. Yesterday in Ayers Bank Building—Preparatory to College Hill Event.

This is the year for the tri-ennial reunion of the Phi Alpha society of Illinois college and already plans are being made for the event which is to be a red letter date in the history of the organization. These gatherings are of much more than ordinary importance and have much to do in cementing the affections of the students for the college and the work of the literary societies of the college is one of the most valuable features of student life on the campus.

The first member and first president of the society, Dr. William Jayne of Springfield is still living and it is the earnest desire and expectation that he will be the guest of especial honor on this occasion. His name is one to conjure with and he still retains his love and loyalty for the society he helped found and which has honored him and which he has so greatly honored.

The other six founders have all passed away. H. S. Van Eaton came up here several times from southern Mississippi to attend the reunions. P. C. Ross though blind, when passing this way stopped over and had his son lead him about the premises that he might again set foot on the place made memorable and sacred by so many grand events. Dr. Wright of Chatham, Sangamon county, was the first secretary and attended reunions till he could come no longer.

At the time of the celebration of the society's fortieth birthday he came and was so weak he had to be taken in a carriage to the door of the society hall and carried in; Dr. Henry married a daughter of the late Col. George M. Chambers and was seen several times at reunion; Baldwin came all the way down from Minnesota to be here at the gatherings of the society, a brother of the late Mrs. Charles Rockwell, was the only one who failed a "lay" years to get back though he attained a good position where he died in 1904.

Of the later members of the society it is not worth while to speak at length as there are hundreds of them and their records are known more or less throughout the world. The tri-ennial committee held a meeting yesterday afternoon in the basement of the Ayers National bank to discuss matters in general and talk over plans for speakers and various other matters. The meeting was pleasant and productive of results and several matters were started which will work to the good of the reunion.

Ernest L. Berry is general chairman of the reunion and the various committees have for chairmen the following: Banquet—R. H. Bracewell, Invitation—Benj. F. Lane, Finance—Ralph L. Dunlap, Program—Ernest L. Berry, Reception—H. Whitacre.

Mrs. W. R. Butler of Woodson was shopping in the city Wednesday.

WABASH SHOPMEN GET A RAISE

Treated Satisfactorily by Management Given as Cause.

A conference of three eminent labor leaders with Henry Miller, general manager of the Wabash system and E. P. Needham, superintendent of locomotive and car department has resulted in a raise of about ten per cent in the wages of the 2000 shop men, machinists, boiler makers, blacksmiths, sheet metal workers, helpers and apprentices. A raise of two cents an hour is granted dating back to Dec. 22, 1912.

The request of the federated crafts spoke highly of the courteous treatment of the officials of the railroad and stated that the conference was harmonious in every way.

The shop rules adopted in the new agreement are regarded as a great improvement over the former rules. One of the new rules which is considered in the interest of the employees is an agreement to divide all overtime equally as possible between all members of their respective crafts.

The representatives of the federated crafts spoke highly of the courteous treatment of the officials of the railroad and stated that the conference was harmonious in every way.

"THE CHOCOLATE SOLDIER."

"The Chocolate Soldier" will come to the Grand Tuesday, January 28th, when the master work of Oscar Straus will be interpreted by The Whitney Opera Company, the same organization as gave the opera for a whole season at the Casino in New York. 2000 performances in Chicago, two years in London, and which has created an equal sensation in many other cities.

Not since Gilbert and Sullivan's days has a comic opera achieved the success of "The Chocolate Soldier", and the answer is not far to seek. Mr. Whitney's casting of the opera was considered almost perfect, but for the sake of its better all-around presentation he has this year made a number of changes in the cast, so that he considers the Whitney Opera Company to day the finest organization of its kind in the country, and he believes that the South will endorse his opinion.

NEW ODD FELLOWS BUILDING

The Handsome Structure of Illini Lodge Will Soon Be Ready For Occupation.

The handsome edifice being erected on East State street by Illini lodge No. 4, I. O. O. F., is nearing completion and will soon be ready for the use of its owners.

G. A. Sieber is doing the electrical wiring and it is about completed and the fixtures will be put in place in due time.

Joshua Vasconcellos & Sons, contractors, are well nigh through with their work and the brick work and plastering are all finished. The interior woodwork is done and the contract for decorating the interior has been let to W. H. Brainer who thinks he will have it completed in three weeks. It is to be in light tints in up-to-date style of the latest and best in flat finish.

The lodge desires to have the dedication on the 75th anniversary of the founding or organization of the lodge and granting of the charter which will come in April when there will be an effort to have a class of 100 candidates to initiate. A booster committee consisting of H. H. Bancroft, Arthur Cody and John E. Peterson is now at work looking after this feature of the affair and have strong hopes of being able to land the round hundred as a great many cards have already been received and more are in prospect.

The new building and lodge room will be a fine addition to the architecture of our city and the furnishing of the new lodge quarters will be fully in keeping with the rest of the enterprise.

Chronic Indigestion Permanently Cured.

"Six years ago," writes S. E. Carpenter, East Aurora, N. Y., "I was in very bad shape suffering from indigestion, could not eat solid food, when a friend advised me to try Chamberlain's Tablets. I found such relief from one box that I continued using them until cured, and though six years have elapsed I have not felt the slightest return of my former trouble." For sale by all dealers.

MAY LOSE FRANCHISE.

Springfield Baseball Club About to Dissolve.

Unless Springfield shows more baseball enthusiasm than it has for several years, fans stand a good chance to lose their team. Owners of the Watchmakers have received an offer for the team and are giving it serious consideration, which may end in a sale.

Directors of the Springfield Baseball association were decidedly pessimistic at their meeting. They declare that awakening interest in the national game in Springfield is a task to rob the most enthusiastic association in the world of its optimism. Although they provided a winning team last year, they say the support given them was discouraging in the extreme and they are more than half ready to abandon the struggle.

The association invested about \$12,000 in the enterprise last year. Some \$6,000 worth of stock was sold and the directors managed to keep the team on its feet throughout the season. This year, finances present somewhat less of a problem, but the officials are inclined towards "what's the use" attitude. They say that, while they can provide a good team, they cannot manufacture interest in its work.

RIVALS TO BID FOR OHIO RAILROAD.

Springfield, Ohio, Jan. 22.—The receiver's sale of the Toledo, Toledo — Ironton railroad, which was to have taken place here today, has been postponed to Feb. 5, by order of the federal court. With the postponement has come a revival of the rumors that both the Pennsylvania and the Norfolk & Western roads will bid for the property when it comes under the hammer.

The Toledo & Ironton road extends from Detroit to Ironton and possesses valuable terminal rights on both the great lakes and

the Ohio river. The great coal fields in the vicinity of Jackson, O., are among its most important traffic assets.

The Norfolk & Western is believed to desire the property chiefly because the Detroit Toledo & Ironton owns valuable dock property in Toledo, the acquisition of which would mean much in the development of the coal and ore handling interests of the Norfolk & Western.

If the Pennsylvania gets the road at the receiver's sale it not only will furnish that system its coveted entrance into Detroit, but, when the Pennsylvania carries out its proposed plan of extending its Toledo division west to form a main line between Toledo and Chicago, the Detroit, Toledo & Ironton would give it direct entrance to Toledo for an enormous amount of coal tonnage brought from them mines of southern Ohio, West Virginia and Kentucky.

Proper Expression of Appreciation.

A compliment should be as quickly given for good goods and good service as a kick for defective goods and poor service. Most people realize this. That is why so many have written to the manufacturers of Chamberlain's Cough Remedy telling of remarkable cures of coughs and colds it has effected, and expressing their appreciation of the good qualities of this well known remedy. A COLISEUM PLANNED FOR JACKSONVILLE

Rumor That H. E. Chubbuck Has Suggested Payment of \$30,000 For 20 Year Franchise and Money Will Be Used For Building.

The year 1912 witnessed the erection of some excellent buildings in Jacksonville and now that the matter has begun there is no telling where it will end.

The largest suggestion and intimation in that line is a grand coliseum for the city. The street car company now pays a percentage of its gross receipts for its franchise or privilege of operating its line and it is rumored on very good authority that H. E. Chubbuck of the traction system who was in the city yesterday has suggested the payment of a lump sum down, say \$30,000 for a twenty year franchise for the company. Should that be done and the money received by the city it has been thought that the place might have a coliseum which would meet a long felt want in the community.

It could be rented for skating rink dances and the like and the city need not be afraid to invite here conventions of any size whatever for the city would have ample ability to care for them properly. The great gatherings that now must seek places where there is ample room to house them could put Jacksonville in the list and on the map and regard it when making dates.

So far the affair is a day dream, an air castle, but there is a strong possibility that the time may soon come when it will be something a great deal more. There is room in this city for such a building and when it is done it will be a great source of pride and more than one will say, "I don't really see how we ever got along without it."

THE TEMPERATURES.

The temperatures for Wednesday, according to G. H. Hall, weather observer at Alexander, were, maximum 35 and minimum 28. After threatening rain all day a slight drizzle started falling about 4:30 o'clock which soon took the form of a steady downpour which fell nearly all night. The temperature was such that the rain froze nearly as fast as it fell, making walking quite hazardous.

ILLINOIS WILL PLAY WESLEYAN

BATTLE ROYAL EXPECTED IN BASKETBALL.

Visitors Have Four Men of Last Year's Championship Team — Coach Harmon's Men Will Go Limit to Win.

The Illinois players are busy every day preparing for the big game with Wesleyan university to be played on the local floor on Friday evening. The Wesleyan team is to take a three day trip. On Thursday night they play Millikin university in Decatur; meet the Blue and White players in the Illinois gymnasium on Friday evening, and on Saturday evening contest with the Christian Brother's college team in St. Louis.

The Illinois players will, have their hands full when they face the Wesleyan five. Last season Wesleyan won the college championship held in Bloomington. Four of this year's team, Young, Wolrab, Calhoun and Capt. Hinshaw, were members of last year's championship team. Elliott, the fifth man on the team is an experienced player who has succeeded in winning a place on the team from one of last season's players. Wesleyan, then, has a veteran team. Recent reports show, however, that the team is not playing up to the expectations of those who hoped to see a whirlwind team. Normal university caught them napping two weeks ago and gave them a crushing defeat by the score of 28 to 11. That game was an eye-opener to the Wesleyan players who had, perhaps, grown somewhat overconfident. They came back strong last week and won from Bradley 32 to 16 on Wesleyan floor.

The Illinois players, however, concede Wesleyan nothing. They figure that Wesleyan will have to go the limit to win from Millikin on Thursday night and as a result will not be so fresh on Friday night. Word comes from Bloomington that Capt. Hinshaw may be compelled to submit to an operation for appendicitis and that he may be forced to give up basketball for the remainder of the season. His loss would be keenly felt by the Wesleyan team for he is a fast, aggressive player.

One thing is certain. There will be a battle royal in the college gymnasium on Friday evening when the Illinois men meet the Wesleyan veterans. The Illinois players have shown in the Carthage and Lincoln games that they are fast, scrappy and aggressive. They are making steady improvement, especially in team work and in accuracy in throwing goals. The radiators have been removed from the playing floor of the gymnasium thus giving larger space and making faster play possible.

AGED COLORED WOMAN FOUND DEAD AT HER HOME WEDNESDAY

Body Found in Chair by a Neighbor — Coroner Wright Holds Inquest.

Mrs. Mary Jones, one of the oldest colored settlers of the city, was found dead in a chair at her home on Edge Hill Road, Wednesday morning about 10:30 o'clock by Mrs. T. P. Hughes a neighbor. Mrs. Jones was apparently as well as usual Tuesday night.

Coroner G. W. Wright was notified of the death and impanelled a jury composed of J. T. Bowen, foreman, George Fanning, Thomas Turley, Geo Samples and E. G. Sava, clerk, who after examining Dr. H. C. Woltman and Miss Hattie K. Phillips, as witnesses, returned a verdict that death was due to apoplexy causing a rupture of a blood vessel of the brain, due to her advanced age.

Dr. Woltman testified that he had treated the deceased last May and Miss Phillips' testimony gave something of the life of the deceased, which is substantially as follows:

Mrs. Jones, widow of Sanford Jones, was brought to this city shortly after the Civil War by Rev. William Gallaher, an uncle of Miss Phillips, the husband of the deceased being employed by Mr. Gallaher and he allowed the couple the use of a house on Edge Hill Road. After the death of Mr. Jones about eight years ago Mrs. Jones said it would kill her to have to move from the place which had been her home since coming to Jacksonville and in accordance with her wishes Rev. Mr. Gallaher made a provision in his will which provided that Mrs. Jones should have the use of the house until her death. Miss Phillips had been looking after the aged woman for the past eight years and last saw her alive last Thursday afternoon.

The remains were taken to the Reynolds undertaking establishment and funeral services will be held this afternoon at 2:30 o'clock at Mt. Emory Baptist church. Interment will be made in Jacksonville cemetery.
